

CORPORATE ANNOUNCEMENT

CCI

COMPLETE CROSSINGS INC.

We are pleased to announce that Trees Consulting Inc and Complete Crossings Inc. have agreed to formalize a business arrangement that will see Trees Inc. become part of the CCI team. The decision to have Trees Inc. become part of CCI grew from a desire to continue to provide value added solutions driven service to our many clients. In addition to the services currently offered by CCI that included Trenchless Engineering, Environmental Planning and Inspection, Geotechnical Engineering and Pipeline / HDD inspection, CCI now adds a Forest Planning Service to better serve our clients. Trees Inc. Is a Cochrane based consulting company Founded in 1992 and currently provides professional services to the forestry industry, oil and gas, utility, all levels of government, First Nations and rural landowners.

TREES CONSULTING INC

Trees Inc has been involved with the planning and construction of several major pipeline projects in the past and had been working on several in-situ developments in the Fort Mac Murray area. In addition to the Forest Planning Service, Trees Inc. has a fully operational GIS and mapping support service.
