

June 11, 2013

Dear Supporters,

Thank you for attending and supporting The 7th Annual CCI Inc. Charity Golf Event on June 7, 2013.

With your help, we were able to raise just over \$11,000.00 to benefit Autism.

Autism is a disorder of neural development characterized by impaired social interaction and verbal and non-verbal communication, and by restricted, repetitive or stereotyped behavior. It is one of three recognized disorders in the autism spectrum (ASDs), the other two being Asperger syndrome, which lacks delays in cognitive development and language, and pervasive developmental disorder, not otherwise specified.

On behalf of our planning committee, I thank you for helping to make the 7th Annual CCI Inc. Charity Golf Event a success. Your contribution is making a difference.

Sincerely,
